From the Pastor's Desk

Hope in Action. Hope is always a purposeful movement to believe that our circumstances can and will be better. Hope is always about looking forward, and finds little energy in looking backwards. Hope is always the desire to experience something that pushes us forward toward God. We often entertain hope in things that are transitory, like "I hope I win the lottery." This kind of hope is fueled by our individual desire to be excited or thrilled. Indeed, this hope entertains us as you or I might imagine what we would do with \$90 million dollars.

However, hope in things that truly endure and lead us closer to one another and to God is different. This kind of hope stirs us beyond our own individual pursuits and concerns. This is the virtue of Hope, which is expressed in the virtues of Faith and Love. The hope in the things that endure has fueled Christians throughout the centuries to establish ministries of care and concern for the sick, the poor, the uneducated, the young and the old, the distraught and those burdened with fear and guilt. It has fueled the building of churches, hospitals, schools, centers of administration and retreat houses, all in an effort to further the virtue of Hope in our world.

Hope is one virtue that is often under attack. The great Deceiver would have you and I believe not in God's promise but in our own selves alone, in our own way of seeing things. He tempts us to ridicule hope, painting hope as childish and unrealistic. He gives credence to fears because fear is the only thing that can jeopardize hope. Fear turns us inward and this is exactly what the devil desires.

Hope always looks for concrete expressions on the part of those who engage it. To have hope that is not acted upon is like having faith but really not believing. That acting upon hope is both ministerial and material. It is two sides of the same coin. Over the last 148 years, St. Michael's has acted upon hope, ministering to thousands in many and important ways. That Hope needs to persevere in the coming years as well. As we approach our 150th anniversary, we know there is much work for us yet to do.

Perhaps some feel that they are done with work that needs to continue on at St. Michael's. This is an understandable feeling from the individual perspective. My individual perspective can often be the very barrier to God's work being accomplished. We are often reminded in the Scriptures that we are given Grace to do God's work in this world. This being the case, it would not be me who gets to bow out, but it would be God who brings my work to a conclusion. Perhaps our "enough" finds some basis in fear, fear about the unknown, fear that promises it can see into the future when in fact its vision is so shortsighted, it can only see the present. Fear seeks to kill Hope. Hope, on the other hand, seeks to make us lively in action. Action aimed at a future full of promise; a future that gives honor to the generation that built this parish and pushed through their fear to build during the economic uncertainties of their day, including the Depression.

The projects we need to address, that is, improving the environment of our school building which includes air conditioning and providing an administrative center that is welcoming to young and old are not put forward lightly. Some very competent and dedicated parishioners have studied these goals. They need to share their insights with you. If you receive a call from one of them, please receive them as you would Christ. They are putting themselves out on His behalf for the good of us all. If they leave a message, please return their call. They are willing to do this because they live in that Hope that St. Michael's can continue to progress, securing our future as a primary parish in the decades ahead.

This effort is called "Growing Into the Future Together" (G.I.F.T.). If you are not able to use God's *gifts* to strengthen our *hope* in His goodness, then we regress into a staidness that weakens and even kills hope. Our *gifts* joined together will lead us into a brighter and more faith-filled future. Each of us individually and collectively will further renew our Hope in God's promise that we can, with His Grace, change the world in which we live. This necessary change begins with each of us individually before it can affect those around us. If we do not allow the Lord to help us to build what we need, to move our hearts, the alternative is not simply standing still, it's moving backwards. The question is where do we want to be in 15, 20, 30, or 100 years from now. This is the question that those who are buried in our parish cemetery asked and answered with courage and hope. Should we do any less? Are we any worse off than they were?

Certainly, we can take hope for in the last several years we have shared our gifts and have accomplished great things that have made St. Michael's a significant parish in the Diocese. We have built and stabilized a beautiful large church building, have finished our parish hall and invested nearly \$80,000 into the school building for energy efficient boiler, windows, roofs and facia (all necessary to prepare for air conditioning). Several other renovations or repairs have taken place, from the renewed Stations of the Cross, rebuilding the cemetery wall along Wilhelm Street and renovating the Convent for our beloved Sisters, to name just a few.

All of this is not to just have physical manifestations of the faith but to support the many ministries of the parish, education, formation, caring for the sick, the hungry, the homebound and the homeless. Helping to protect life and to promote life through our Labors of Love and so many other ministries that make St. Michael's a vibrant growing community. These essential works need to continue and be supported by state-of-the-art environments both in the school building and in the administration of the parish and all these good ministries.

Let's not allow our fear undo us. Let us trust as we always have that God has greater things in store for us individually and together. He has blessed each of us in different ways, even in our difficult times, and when we come together to bless God with our gifts, He does even greater things through us for the community in which we live. In all of this, God is glorified and we *grow into the future together* as God's one, holy people; God's *GIFT*.

WARRIOR OF THE WEEK

My name is Daniel Curran, but most people call me Danny. I started at SMS in Kindergarten. I am very happy I came here because I met most of my friends and the nicest teacher in Kindergarten, Mrs. Barone. Once you get in 5th grade, you can play various sports. In school, I run cross country, play soccer, participate in Student Council and play basketball. Out of school, I play only soccer. My favorite memory of being here was my first day of Kindergarten, because I was introduced to this school for the first time. The second happiest memory is when I got my first goal at SMS soccer, I felt really happy the moment I did it. The most important thing that should be learned is math, because you need math a lot in life. This school has treated me and everyone very well, and we should all respect each other. We should all be very thankful for what a good school we have for various reasons. First, the teachers are very kind and heartwarming. They help you no matter what you have trouble with; even if you're having trouble with something outside of school. Second, you can meet new friends and people that you don't know. Lastly, the school itself. The school has many things you can participate in, such as altar

serving Student Council, sports, and much more! Leaving this school will be hard for me, but I will have fun in high school. I hope all of the future middle schoolers will have a nice and fun experience at SMS!

SHARE YOUR TALENTS

Come to know and recognize through "Discernment" where you can best use your talents and strengths to help our parish and school grow and thrive:

Faith Formation Board
School Advisory Board
Pastoral Council

Home & School Association (HSA)
Sports Advisory Board
Finance Council

We are seeking dedicated parishioners who want to participate more in the parish. There are no nominations and no elections. Committee members are determined through a process of DISCERNMENT. Discernment is a time of coming to understand how your gifts can help serve your parish community. This is the same way the Apostles came to choose those who would help them. At these two sessions you will be invited to learn about the above groups. This process has worked well in helping people to decide where they want to give their talents and also where the Holy Spirit wants them to give their talents. Through prayer and scripture, learning about our parish mission and structure as a Catholic community and by good Christian camaraderie you might find a niche for your particular talents. Both sessions are necessary for a good discernment.

If you are interested, please join us at two Thursday evening sessions on
March 9th & 16th from 7:00-8:30 PM

Please call Janice at 322-4505, ext. 8241 for more information regarding the discernment process and to reserve a space.

THE WORD

(Readings for January 29, 2023, Fourth Sunday in Ordinary Time)

- I. *Zephaniah 2:3, 3:12-13* “Seek the Lord, all you humble of the earth,” said Zephaniah, the prophet. Do what is right. “Seek justice.” Those who take refuge in the Lord shall pasture their flocks.
- II. *1 Corinthians 1:26-31* The weak of the world are chosen by God. “Whoever boasts, should boast in the Lord.”
- III. *Matthew 5:1-12a* Jesus upset the standards of worldly justice in this charter of the heavenly reign: It belongs not to the rich but to the poor in spirit, not to the powerful but to the lowly, not to warmongers but to peacemakers.
